| | |
|--|---|
| T-01:Arc Flash Mitigation & Calculations (18-19 Dec) | T-06:Industrial Wireless Mesh Solutions for Energy and Refinery Plants (19 Dec) |
| T-02:Energy Optimization (18 Dec) | T-07:Case Studies : Challenging Designs and Failure Investigations (19 Dec) |
| T-03:Substation Automation (18 Dec) | T-08:Reducing Energy Use in Data Centers (19 Dec) |
| T-04:Renewable Energy (18 Dec) | |
| T-05:Smart Grid (18 Dec) | |

For authors, registration is required for each paper. By registering for the event, I give permission to use my photos or video footage from the event for publicity, newsletters, reports, web pages and other materials in relation to the event. I can withhold this permission by contacting the Conference General Chair in writing. I understand that the above rates are applicable for payment at the venue though the rate for online registration may have been different. I also understand that Registration fee includes only those items specifically selected and does not include travel, visa or hotel charges. For accompanying persons, the fee includes free attendance for one person to the opening ceremony, gala dinner and social event. In case of any questions or need for clarifications I will contact the Registration Desk.
